Completion of Actions in Confirmatory Action Letter – Palisades Nuclear Plant  
Commitments to Address Degraded Spent Fuel Pool Storage Rack Neutron Absorber

Dear Sir or Madam:

This letter is notification that Entergy Nuclear Operations, Inc. has completed actions and commitments to reestablish compliance with site license requirements for the spent fuel pool addressed in the Confirmatory Action Letter dated September 18, 2008.

The actions required by the letter included submittal of a license amendment request to revise Appendix A of the Technical Specifications as they apply to the spent fuel pool storage requirements and the criticality requirements for the region I spent fuel pool and north tilt pit fuel storage racks. This license amendment request was approved on February 6, 2009. The amended Technical Specifications have been implemented at the site.

Summary of Commitments

This letter contains no new commitments and no revisions to existing commitments.

A handwritten signature in black ink, appearing to read "C. Schwarz".
