SUBJECT

Control No. 317809- Re - Amendment request (NRC License No. 24-24451-01) to authorize a new location of use located at 3433 Tree Court Industrial Blvd., St. Louis, Missouri 63122.

SUMMARY

In a telephone conversation with Mr. Leahy on this date, I requested that the licensee provide for our review, additional information describing the hood system and its capabilities and confirming that it would be operable when that portion of the facility is put into use. I also requested that the licensee confirm that the referenced new facility will meet all their current criteria for radiation safety and security of licensed material. We also discussed the possession limits as currently stated in the license (Amendment No. 13) and it was agreed that no changes in possession limits are necessary.

ACTION REQUIRED

Licensee to **provide** response to the items **as discussed above, as additional information to Control No. 317809** and **send it to me by facsimile at 630-515-1078. No follow-up hard copy needed.** If any questions, please call me at 630-829-9829. Also, **please call to inform me right after response has been sent.**

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
