Subject: Public Confidence in the NRC Would Be Strengthened By Nuclear Waste Realism and Compliance With the National Environmental Polic

Nuclear Regulatory Commission

Rockville, MD
US

Dear Nuclear Regulatory Commission,

Re: 73 FR 197 -- 10/09/2008
Docket ID?2008?0482 and Docket ID-2008-0404

We have NO CONFIDENCE in your plan, since there are NO good ways to dispose of the radioactive wastes! (Except maybe George Bush's backyard in Texas!.. THAT would be poetic justice!)

As Buckmeister Fuller once famously said, Nuclear Power is just a "STUPID WAY TO BOIL WATER". We want NO public funds to go further into this boondoggle. That money should be spent on clean renewable energy and adaptations to new fuels like hydrogen, which is readily available in WATER, with NO pollution at all!

(Oh, but then we wouldn't need the Nuclear Regulatory commission anymore, would we?) What you SHOULD be "regulating" is Nuclear PROLIFERATION, and Stopping it, overseeing the destruction and disposal of our own obscenely huge arsenal....oh but that's right!
YOU STILL DON'T KNOW WHAT TO DO WITH THE RADIOACTIVE WASTE!!!!
