I wish to log in my strong vote AGAINST the \$50 billion dollars for the nuclear power industry in the stimulus package. I am urging both of my senators to vote against the stimulus based on this alone. The nuclear power industry has been trying unsuccessfully to get funding from the government in the past, and have not been funded for good reason. Once again, they need to be turned down again. There should never be any more nuclear power plants built in the U.S. or anywhere in the world with public or private money which they could not get for one reason alone. Nuclear power is too dangerous, period.

Thank you.
No Nukes, No Way
