Subject: Public Confidence in the NRC Would Be Strengthened By Nuclear Waste Realism and Compliance With the National Environmental Polic

Nuclear Regulatory Commission

Rockville, MD
US

Dear Nuclear Regulatory Commission,

Re: 73 FR 197 -- 10/09/2008
Docket ID?2008?0482 and Docket ID-2008-0404

There is no "safe" method of dealing with nuclear waste. We have other power sources. Our efforts must be focussed on developing them to the point where they can overtake and replace nuclear and fossil fuel energy.
