SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Ms. Hadley:

In the letter dated November 6, 2008, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license. The NRC staff has reviewed your final status surveys and based on its review, has concluded that all licensable radioactive material has been removed from your facility.

Based on these conclusions no further remediation or actions with respect to NRC regulated material is required. Your facility is suitable for unrestricted use and NRC license number 34-32440-01 is hereby terminated.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions, please call me at (630) 829-9839.

Sincerely,

A handwritten signature in black ink that reads "William P. Reichhold".
