Based on your response during our telephone conversation on 2/6 and 2/9/2009, the option checked below applies to your request regarding use of licensed material under an NRC license:

You have reviewed your current license and have determined that you need to maintain both an NRC license and a Commonwealth of Virginia license. You therefore request that your existing NRC license be amended to remove authorization for use of material in the Commonwealth of Virginia and authorize work activities only in non-Agreement States. In addition, you request that the NRC issue a new license for work activities only in the Commonwealth of Virginia. You understand that your new license will then be transferred to the Commonwealth of Virginia in conjunction with the effective date of the Agreement between the NRC and the Commonwealth of Virginia. You further understand that you will be assessed annual fees to maintain both the NRC and Commonwealth of Virginia licenses.

You have reviewed your current license and request that your existing NRC license be forwarded to the Commonwealth of Virginia. You request that this be effective on the date the Agreement between the NRC and the Commonwealth of Virginia is signed.

Additional comments:	Dennis Ashton will remain as RSO until Chris Bass completes a training course. The training course is offered the end of April 2009. At which time, the licensee will request an amendment from Virginia. Mr. Bass will email me with this information and provide a proper Virginia mailing address for Presto Products in Virginia.
