SUBJECT: Nomination for Jay W. Collins as NRC Member of ASME Code Working Group ISI Optimization.

Dear Mr. Edward A. Siegel:

I would like to nominate Jay Collins to replace Donald Naujock as the authorized Nuclear Regulatory Commission (NRC) representative on the Working Group on Inservice Inspection Optimization, Section XI, ASME Boiler and Pressure Vessel Code. Mr. Collins is a Senior Materials Engineer and is responsible for a variety of stress corrosion cracking, welding and non-destructive examination related issues as a member of the Piping & NDE Branch in the Division of Component Integrity, Office of Nuclear Reactor Regulation.

Mr. Collins' PF-1 and PAF-A forms are enclosed.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:
