September 19, 2008, transmitting the Combined License Application for Comanche Peak
Nuclear Power Plant, Units 3 and 4

Dear Sir:

Luminant Generation Company LLC (Luminant) and Mitsubishi Heavy Industries, Ltd. (MHI) announced on February 2, 2009, that they have established a joint venture to further the development of the Comanche Peak Nuclear Power Plant (CPNPP) Units 3 & 4 using MHI's US-Advanced Pressurized Water Reactor (US-APWR). In connection with the establishment of the joint venture, Nuclear Project Company LLC, co-applicant to Luminant in the referenced combined license (COL) application, has been renamed Comanche Peak Nuclear Power Company LLC (CPNPC). Under the terms of the joint venture, Luminant holds an 88 percent ownership share in CPNPC and MHI has a 12 percent stake.

Luminant remains the lead applicant for the CPNPP COL application and Luminant continues to act for itself and as agent for CPNPC. Luminant will submit an update to the COL application to provide the appropriate information regarding this new ownership arrangement, including the impact, if any, on CPNPC's financial qualifications.
