Dear Ms. Maloney:

Re: West Valley Demonstration Project, USEPA ID. No. NYD980779540
Approval for the LAG Storage Building Closure Plan

The New York State Department of Environmental Conservation (Department) received no comments on the aforementioned closure plan during the public comment period, which ended on January 13, 2009. Subsequently, the Department approves the final closure plan (Doc. ID Number WVDP-147, Rev. 7, dated 4/25/07) for the LAG Storage Building (LSB) located at the West Valley Demonstration Project (WVDP) in West Valley, NY 14171-9799.

Please note that this approval in no way precludes the United States Department of Energy's (DOE's) responsibility to submit closure certification to this office as required in 6 NYCRR 373-2.7(f)(1). Closure of the referenced facility is not deemed complete until such time as the closure certification documentation is accepted by this office and a confirming inspection is completed by Department personnel.

If you have any questions regarding this matter, please contact me at (518) 402-8594.

Sincerely,

Lynn M. Winterberger, P.E.
