**Re: Production of Southern Nuclear's Initial Disclosures (EC 6.0)
Docket No. 52-011-ESP**

Dear Mr. Moulding:

As you requested during our telephone conversation, enclosed is a CD containing the non-proprietary documents disclosed in Southern Nuclear's Initial Disclosures for Contention EC 6.0 of November 7, 2008. Also enclosed is an attachment that includes updated document descriptions and the beginning and ending bates number references of the documents being provided.

As previously discussed, we have redacted out certain portions of some of the attached documents that we deemed either not relevant to the admitted contention, proprietary or subject to attorney-client/work product protections. To the extent any of the documents produced herein relate to proprietary information, attorney-client communications or related work product, the production of the attached documents shall not be deemed a waiver of any attorney-client/work product protections or the stipulations agreed to in the ASLB's April 3, 2007 order.

If you have any questions regarding the enclosed documents, please contact me.

Sincerely,

K.C. Hairston
