Dear Dr. Jarding:

You may obtain information regarding Powertech Uranium's proposed Dewey-Burdock project by two methods. First, you may check our electronic documents system, ADAMS, through the NRC's website (www.nrc.gov). You may also submit a formal Freedom of Information Act (FOIA) request to the NRC. Checking the ADAMS system is fastest means of getting publicly available documents, and best way of searching ADAMS is using the "Advanced Search" with the docket number. If you have any other questions, please contact me.

Sincerely,

Stephen J. Cohen
