Docket No(s). 030-18978

Name of Licensee: Ackenheil Engineering & Geologists, Inc.

Name of Participant(s): Sattar Lodhi & Tim Cart (RSO of E.L. Robinson Engineering)

Telephone No. 304 776 7473

Subject: Transfer of licensed material

(NOTE: This will be used as the
Documents Title in ADAMS)

Ackenheil Engineering stated that it transferred its gauges to E.L. Robinson Engineering, but did not provide acknowledgement from the recipient that it received the gauges. I tried to contact the licensee but the phone did not answer. I finally called the recipient (E.L. Robinson Engineering), and requested that they provide me with confirmation that they in deed received the gauges.

Today, the E. L. Robinson's RSO called me and confirmed that they did receive two Troxler 3400 series portable gauges from Ackenheil Engineering. I asked him if Richard Watts (RSO of Ackenheil) was now working for E.L. Robinson. He confirmed that Richard Watts was now an employee of E.L. Robinson.

He further stated that Ackenheil's owner passed away and the company could not continue because WV state required that an engineering company must have a professional engineer, and with the passing of the owner, the company did not have a professional engineer. That is why the gauges were sold to E. L. Robinson, and Richard Watts came with the gauges.

Action Required: Document and process the termination
