

Application NAB-2007-08123-M05
Response to U.S. Army Corps of Engineers Information Request Dated 01/16/09
Calvert Cliffs 3 Project, LLC and UniStar Nuclear Operating Services, LLC
February 12, 2009

Question 9

What is the status of Maiden Cane (*Arundin aria*) in Maryland; is it rare?

RESPONSE

Arundinaria gigantea is on the “rare” list for the state of Maryland; however, it is not listed as either state threatened or endangered and is therefore not protected under the Maryland Nongame and Endangered Conservation Act.
