Ginna,

Attached is a list of 4 RAIs on offsite power (8.2) that are currently open for North Anna. I think only the first two are related to the GDC issues we have been working on.

Please take a look at the list and let me know which ones you think are related to the escalated GDC issues we are working on and where we may not be in agreement. I do not mind discussing others but want to focus first on the tough issues we have been discussing for months. I am optimistic that you will say we only have 1 or 2 RAIs to discuss.

Please let me know as soon as you can so we can both prepare for Tuesday's 11:15 call.

Mark
