Thanks Doug for below and again a pleasure to meet you all, at least telephonically for the time being.

The following link is to the Jacksonville District's web page, which has information regarding the Panama City Airport:

<http://www.saj.usace.army.mil/regulatory/itemInterest.htm#panamaAirport> .

From there the link labeled "Record of Decision/Statement of Finding" will download a pdf of the SOF/ROD. Our SOF/ROD extensively referenced and incorporated the FAA's EIS.

The following links will take you to pdfs of the FAA's FEIS. The web site does not enable me to provide a direct link to the FEIS itself. Go to:

<http://pcairport.pbsjis.com/> . From there go to "Archives". From there go to "Presentations and Documents". From there got to "Final Environmental Impact Statement".

Next week I will provide more information regarding the Corps perspective of the scope of the LNP project, which requires the Corps' detailed review under both Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act of 1899; and other initial info needs, issues/concerns, etc. that I can think of as we begin our dialog.
