Hi Paul,

Sorry we missed you; however, it gave PNNL and NRC an opportunity to discuss activities for the site audit. Tuesday is a holiday so I have rescheduled the next teleconference for Monday, November 10, from 1:00-2:00pm EST. I will have the agenda drafted either today or tomorrow and will arrange for the call-in lines before the end of the week.

There is nothing urgent at the moment. My goal for today is to draft the site audit schedule. It will likely require input from you sometime next week.

Thanks,

Doug

Doug,

I'm sorry that we did not participate in today's call. I am involved in the Hydrology/Meteorology Audit at Levy this week and did not have internet access and did not get your meeting notice in time to get it forwarded to our CH2MHill team. I really only have internet access late at night, so please let me know if you have any urgent business that we need to discuss this week and I'll try and call you on Thursday.
Will next week's call be to the same number or a different number?

Again, I hope that we did not cause you any inconvenience today.

Thanks,
