DECLARATION OF AUTHORIZED OFFICIAL OF BEYOND NUCLEAR  
IN SUPPORT OF PETITION TO INTERVENE IN DOCKET 52-033

Under penalty of perjury, I, Paul Gunter, declare as follows:

1. I am employed by Beyond Nuclear located at 6930 Carroll Avenue, Suite 400, Takoma Park, Maryland, 20912. I am the Director of the Reactor Oversight Project. I am authorized to sign this Declaration. Beyond Nuclear is formally and officially opposed to the licensing, construction and operation of Fermi 3, a proposed new nuclear power plant for which Detroit Edison Company has submitted a Combined Operation License Application (COLA) to the Nuclear Regulatory Commission (NRC).

2. Beyond Nuclear has approximately 8000 members overall, and several live within 50 miles of the proposed Fermi 3 nuclear plant site. Beyond Nuclear is concerned that if the NRC grants the Detroit Edison Company COLA, the construction and operation of the proposed nuclear power plant could adversely affect the health and safety and the integrity of the environment in which Beyond Nuclear members live.

3. In order to ensure that the licensing decision for the proposed Fermi Unit 3 nuclear power plant protects the interests of Beyond Nuclear members in a safe and healthy environment, Beyond Nuclear formally seeks to intervene on behalf of its member, Colan Keith Gunter, who has attached his declaration, in any licensing proceeding and/or related rulemaking proceeding that concerns the safety and environmental impacts of the proposed nuclear power plant in Monroe County, Michigan. Beyond Nuclear intends, on behalf of its member, to take any legal actions necessary to ensure the licensing proceeding and the rulemaking proceeding are conducted fairly, efficiently and in a manner that provides the full consideration of all licensing issues that could affect the safety and health and the health of Beyond Nuclear members and their living environment.

I declare under penalty of perjury that the foregoing facts are true and correct and that any expressions of opinion are based on my judgment.

DECLARATION OF Colan Keith Gunter IN SUPPORT OF  
BEYOND NUCLEAR PETITION TO INTERVENE IN DOCKET 52-033

Under penalty of perjury, I, Colan Keith Gunter, declare as follows:

1. I am a member in good standing of Beyond Nuclear. I reside at 13784 Whitby, Livonia, Michigan. My residence lies within 50 miles of the proposed site of a new nuclear power plant for which Detroit Edison Company has submitted a Combined Operation License Application (COLA) to the Nuclear Regulatory Commission (NRC).
2. I am concerned that if the NRC grants the Detroit Edison Company COLA, the construction and operation of the proposed nuclear power plant could adversely affect my health and safety and the integrity of the environment in which I live. I am particularly concerned about the risk of the accidental release of radiation into the environment and the potential harm to groundwater and surface waters.
3. In order to ensure that the licensing decision for the proposed Fermi Unit 3 nuclear power plant protects my interests in a safe and healthy environment, I have authorized Beyond Nuclear to represent me in any licensing proceeding and/or related rulemaking proceeding that concern the safety and environmental impacts of the proposed nuclear power plant in Monroe County. I have also authorized Beyond Nuclear to take any legal actions necessary to ensure the licensing proceeding and the rulemaking proceeding are conducted fairly, efficiently and in a manner that provides the full consideration of all licensing issues that could affect my safety and health and the health of my environment.

I declare under penalty of perjury that the foregoing facts are true and correct and that any expressions of opinion are based on my judgment.

CITIZENS FOR ALTERNATIVES TO CHEMICAL CONTAMINATION; CITIZENS  
ENVIRONMENTAL ALLIANCE; DON'T WASTE MICHIGAN; SIERRA CLUB MICHIGAN  
CHAPTER; TOLEDO COALITION SAFE ENERGY IN PETITION TO INTERVENE IN  
DOCKET 52-033

Under penalty of perjury, I, Marcee Meyers, declare as follows:

1. I reside at 1280 S. Raisinville Rd. Monroe, Michigan. My residence lies within 50 miles of the proposed site of a new nuclear power plant for which Detroit Edison Company has submitted a Combined Operation License Application (COLA) to the Nuclear Regulatory Commission (NRC).
2. I am concerned that if the NRC grants the Detroit Edison Company COLA, the construction and operation of the proposed nuclear power plant could adversely affect my health and safety and the integrity of the environment in which I live. I am particularly concerned about the risk of the accidental release of radiation into the environment and the potential harm to groundwater and surface waters.
3. In order to ensure that the licensing decision for the proposed Fermi Unit 3 nuclear power plant protects my interests in a safe and healthy environment, I have authorized Beyond Nuclear; Citizens for Alternatives to Chemical Contamination; Citizens Environmental Alliance; Don't Waste Michigan; Sierra Club Michigan Chapter; Toledo Coalition for Safe Energy to represent me in any licensing proceeding and/or related rulemaking proceeding that concern the safety and environmental impacts of the proposed nuclear power plant in Monroe County. I have also authorized Beyond Nuclear; Citizens for Alternatives to Chemical Contamination; Citizens Environmental Alliance; Don't Waste Michigan; Sierra Club Michigan Chapter; Toledo Coalition for Safe Energy to take any legal actions necessary to ensure the licensing proceeding and the rulemaking proceeding are conducted fairly, efficiently and in a manner that provides the full consideration of all licensing issues that could affect my safety and health and the health of my environment.

I declare under penalty of perjury that the foregoing facts are true and correct and that any expressions of opinion are based on my judgment.
