--	-----------------	---	--------------

7. Reason for Change:
Per LP-3.12Q-BSC Design Calculations and Analyses 5.1.{2} c, "The decision of the DEM, PCSA Manager, or PCA Manager to issue calculations or analyses with a "committed" status will be based on an experienced assessment of the likelihood that the results of the calculation or analysis will change, and the degree of impact will have on designs that support the regulatory submittals or procurement activities, based on the design's bounding conservatism.

"The status designation of Underground Layout Configuration (~~10-POC-MGR0-000100-000-00E~~) can be changed to "Committed" as the results are not expected to change in such a manner that will affect support of regulatory submittals.

No LP-2.14Q review was conducted because no text changes are to be made.
