RE: Amendment to Materials License number 21-26100-02

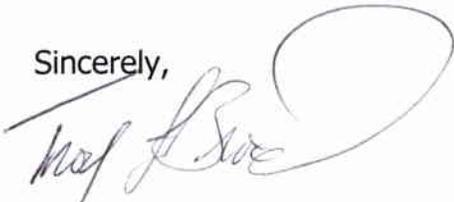

Dear Ms. Pelke:

This letter is requesting an amendment to our current license referenced above. This license authorizes the use of two (2) Troxler 3400 series density gauges. Condition 12 on our current license specifies Scott Jozwiak, P.E. as our RSO. He is no longer with Elmer's Construction Engineering.

We are proposing the Mr. John Meddaugh be the new RSO. Mr. Meddaugh is the manager of our testing division here at Elmer's. He has passed the basic Troxler exam of which a copy is included. He has been with the company of over 19 years and has established himself as being a responsible employee.

Please feel free to contact Mr. Meddaugh at 231-943-5534 if you would like to discuss this matter in further detail.

Sincerely,

Troy L. Broad
