Good Dreary Morning Betsy!

I hope you are well.

Attached is a letter from U of P verifying that Dr. Araujo was an authorized user / mentor for Dr. Costin. I think that is all you needed to add him to the license for 35.200 privileges.

We will remove the request to add Dr. Mahalingham as an authorized user at this time because it will likely delay the amendment while we gather more current documentation for her. credentials.

Thank you very much for your help and patience with this request.

Have a wonderful day,

Jim Fongheiser
