Subject: VNC submission of revised Site Security Plan

Enclosure: VNC Site Security Plan, 16 March 2009 (Safeguards Information)

This letter is to inform the NRC of a change to the VNC Site Physical Security Plan in accordance with 10 CFR 50.54. VNC considers this change to "not reduce the effectiveness of the security program." Attached is the revised Security Plan for GE-Hitachi Nuclear Energy Americas, LLC's (GE-H) Vallecitos Nuclear Center (VNC). The previously communicated implementation schedule is unaffected by this modification.
