Southern Nuclear Operating Company)	ASLBP No. 07-850-01-ESP-BD01
(Early Site Permit for Vogtle ESP Site))	March 13, 2009

NOTICE OF REVISED EXHIBIT

Southern Nuclear Operating Company hereby files a revised version of SNC’s Exhibit originally marked as SNC000051 and submitted on January 9, 2009, which is entitled “Analysis of Impacts of Navigation Channel Maintenance for Barge Delivery of Materials for Construction of Vogtle Units 3 and 4 on the Ecology of the Savannah River.” Charles C. Coutant, Ph.D. (January 2, 2009). This exhibit was previously revised and marked as SNCR00051 on March 11, 2009. Pursuant to the Board’s instructions for marking revised versions of exhibits,¹ SNC hereby submits a revised version, marked as SNCR20051.

On March 12, 2009, SNC’s witness, Dr. Charles C. Coutant, notified counsel for SNC that he had discovered a mistake in his report. Mindful of the Board’s March 6, 2009, Memorandum and Order seeking revisions by March 11, 2009, counsel for SNC contacted the Board’s law clerk, Emily Krause, who instructed SNC to refile the exhibit.

The following revisions are made:

¹ See Memorandum and Order (Ruling on In Limine Motions), January 26, 2009, at 8; Memorandum and Order (Memorializing Results of Prehearing Conference and Providing Additional Administrative Directives), February 4, 2009, at 5.

1. Under the subheading *Contaminated Sediments*, the second paragraph has been changed to reflect comparisons from Table 3-7 of the Savannah River at Risk Study (SNSA 2008) cited by Dr. Coutant instead of Table 3-4 of that report.
2. Table 2 has been added to illustrate this comparison.
3. Corresponding references have been added to the “Literature Cited” section.

Respectfully submitted,

(Original signed by M. Stanford Blanton)
