**Attachments:** Proposed APE for Historic Resources reduced.jpg

Laura - I am attaching a map that shows a one-mile and two-mile radius around the site. I would like to propose that the APE for this project be a one-mile radius, but I want you to see the terrain and the scope. This is not a formal proposal. I was hoping I could call you this afternoon to talk about our options. I have a pdf of this image also, but it is considerably larger and may jam your email.

Thank you for your time.
