Subject: Proposed Application for the Levy Nuclear Power Plant
Date: Thursday, March 13, 2008 11:44:36 AM

Dear Mr. Snead:

The Miccosukee Tribe received your letters concerning the proposed license application for the Levy Nuclear Power Plant. The Tribal Chairman referred your letter to me as I am the Tribal Representative for Native American Graves Protection and Repatriation and Section 106 consultation. Mr. Fred Dayhoff is a Tribal Consultant on these matters. Please direct all future correspondence to me.

The Tribe has no direct knowledge of any archaeological sites at this location. However, as this project progresses, we request that a comprehensive cultural resources survey be conducted. If the Cultural Resources Survey shows there are no archaeological sites that will be impacted by this project, then no further consultation is necessary. However, if the Cultural Resources Survey does show that archaeological sites will be impacted by this project, then further consultation with the Miccosukee Tribe should be done.

Thank you for consulting with the Miccosukee Tribe. Please contact me if you have any questions.

Steve Terry
NAGPRA & Section 106 Representative
