**SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE**

On letter dated December 15, 2008, you requested termination of U.S. Nuclear Regulatory Commission (NRC) License No. 49-27720-01 and submitted NRC Form 314 to that effect stating that all radioactive material had been transferred to NRC License No. 49-01380-01 issued to Cheyenne Regional Medical Center. Based on this information no further remediation or decommissioning actions with respect to NRC regulated material is required. Therefore, NRC License No. 49-27720-01 is hereby terminated as stated in the enclosed Amendment No. 04 to the license. An environmental assessment for this licensing action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(20)(ii).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

You can contact me at 817-860-8189 if you have questions on any of the information stated above.

Sincerely,

**/RA/**
