**March 17, 2009 – Due to the failure of the licensee to respond to the NRC letter regarding Virginia becoming an Agreement State and the licensee's failure to respond to any of the phone messages left for them on 2/11/09, 3102109 and 3112109, the option checked below will apply to their license.**

- You have reviewed your current license and have determined that you need to maintain both an NRC license and a Commonwealth of Virginia license. You therefore request that your existing NRC license be amended to remove authorization for use of material in the Commonwealth of Virginia and authorize work activities only in non-Agreement States. In addition, you request that the NRC issue a new license for work activities only in the Commonwealth of Virginia. You understand that your new license will then be transferred to the Commonwealth of Virginia in conjunction with the effective date of the Agreement between the NRC and the Commonwealth of Virginia. You further understand that you will be assessed annual fees to maintain both the NRC and Commonwealth of Virginia licenses.
- The existing NRC license will be amended to authorize the use of material only in the Commonwealth of Virginia. This amendment will be effective on the date the Agreement between the NRC and the Commonwealth of Virginia is signed. Upon the effective date of the Agreement between the NRC and the Commonwealth of Virginia, the licensee will be licensed by the Commonwealth of Virginia to conduct work at temporary job sites in the Commonwealth and as such, must file a NRC Form 241 (reciprocity) prior to performing any work in NRC jurisdictions (non-Agreement States) or in areas of Exclusive Federal Jurisdiction within an Agreement State.
