Re: Closeout survey of nuclear medicine department (St. Francis West Healthcare, Inc. License # 47-30891-01)

Dear Ma'am/Sir,

Attached is the closeout survey and 'Certificate of Disposition of Materials' form for our nuclear medicine department at 121 West Washington Street, Charleston, West Virginia. We no longer have a nuclear medicine department and wish to discontinue our radioactive materials license.

The last patient scan that was performed occurred on December 29,2008. We only used Tc-99m at our location. The sealed sources have been transferred for disposal and that document is included. Please contact our Medical Physicist, Mr. Charles Anthony Giomuso, MS should you require any other information regarding this.

Thank you again for your assistance.

Sincerely, Linda Loveiov

Practice Administrator
