Thanks Nona,

I see Jim today in a meeting and will ask him.

regards,

Paul

Paul,

Van had a voice message from Sam Damico, STP, regarding the process for submittal of some electronic input/output files that Van had requested during the site audit. Mr. Damico was under the impression that he would have to print out the files in order for them to be submitted under oath and affirmation and voiced concern over the size of the files, as well as, losing formatting during the transfer from electronic to paper. It is our understanding that the files can be submitted on a CD/DVD with a cover letter stating the information contained on the CD/DVD is submitted under oath and affirmation. You may wish to confer with Jim Biggins, OGC, to ensure we have an accurate understanding, and then direct STP accordingly.
