Nona,

Thank you for this information. I have sent it to Greg Gibson.

Also, Greg mentioned that we will have a hydrologist for the alternative site audit. The plant manager will be available to answer questions at the Limestone site.

regards,

Paul

Attached is the socioeconomics addendum to the Preliminary Audit Results table that was provided to STP at the close of the site audit on 02/07/08. The list includes questions/issues:

- * that were included in the original list of information needs provided to the applicant prior to the audit;
- * new issues that were discussed with the applicant during the audit, though they did not appear on the information needs list;
- * questions that were not discussed with the applicant at the audit due to time constraints; and
- * issues that arose through offsite interviews.

The resolution categories are the same as those in the table provided to the applicant at the close of the audit and should be interpreted in the same manner. Please feel free to contact me or Mike Scott if you have any questions regarding the attached document.
