To Whom It May Concern:

Deborah Acors has asked me to write to you on her behalf. As a board certified nuclear cardiologist at Cardiology Associates of Fredericksburg, I am the radiation safety officer and authorized user at that site. Deborah spent six years with us, working as a nuclear medicine technologist in the field of nuclear cardiology. She worked with multiple radiation sources that required upkeep of our nuclear cardiology laboratory. She kept careful documentation and records, in compliance with our Nuclear Regulatory Commission licenses. I can recommend her without reservation in this capacity.

Should you require further information, please free to contact me.

Sincerely,

Gregory J. Kauffman, M.D., F.A.C.C.
