This is a request for all and any releasable information or documentation on a job announcement and the selection made for announcement identified above. I understand this information is available to me per the FOIA.

I am interested in all information relative to the process and controls applied in the announcement funding process through to the selection determination or current status of the position if none was made. Please make sure to include the resume of the selected candidate if one was selected and all "certs" defined, noted or referenced relative to the non-selected applicants and the selected applicant.

Please be advised I am sufficiently knowledgeable in the fact that some information is not available to me per numerous laws and regulations, and know I am not requesting such information. Please assume I am in full alignment with legal measure protecting some information, and know it is unnecessary to explain data missing per such laws. Should I inquire about any missing data at a later date, it would be strictly in the interest of closing gaps and understanding the process as defined by my government as well as improving my skill in seeking and obtaining employment in the IT field.

Please mail this to me at my home address:

Thank you

Mary Woody
