MHI,

The attachment contains the subject request for additional information (RAI). This RAI was sent to you in draft form. Your licensing review schedule assumes technically correct and complete responses within 30 days of receipt of RAIs. Before MHI submits a response, NRC would like to schedule a public meeting with MHI to discuss the level of detail needed to do an implementation plan level review and to make sure the NUREG-0711 product and process criteria are met.

Please submit your RAI response to the NRC Document Control Desk.

Thanks

Jeff Ciocco
