RE: Organizational Changes
License No. 42-26214-01

Dear Madam,

Enclosed is a revision of the Emergency Phone Numbers Appendix of Technical Welding Laboratories Radiation Safety, Operating and Emergency Procedures Manual. Specifically Scott A. Hanes has replaced Tim Hopkins as Radiation Safety Director. Since these revisions do not require a change to any of the license conditions, we assume that an amendment fee will not be required. Please notify us if our assumption is incorrect.

Unless otherwise informed by the Commission we assume that all revisions submitted will be acceptable.

Should additional information be required, please do not hesitate to contact us.

Respectfully,

Scott A Hanes
Radiation Safety Director
