Comments

- Corrective Action will be taken within the Best Theratronics organization to ensure compliance with USNRC regulations.
- Future inter-state shipments will not be authorized by Best Theratronics Ltd. until QA Program approval and Certificate of Compliance issues have been resolved and are approved by USNRC.
- The April 4th disposal (between Massachusetts & Texas) has been postponed pending approval of QA Program, transfer of Certificate of Compliance and customer readiness.
- MDS Nordion and Best Theratronics Ltd. have a contract whereby MDS Nordion maintains the transport packages.
- Upon approval of QA Program by USNRC, submit amendment which will be a shorter QA Program Description, (with no reference to QA Manual), detailed to Part 71, in enough detail to show how it's implemented
