Hi John

Nuclear Safety Solutions Limited (NSS) has submitted draft versions of the final deliverables for on the contract: NRC-07-087 ,
Research Investigation of Local Heat Transfer Phenomena in an HTGR Core.

The two reports are:

Investigation of Local Heat Transfer Phenomena in a Pebble Bed HTGR core
Investigation of Local Heat Transfer Phenomena in a Prismatic Modular Reactor Core

I will submit these two reports as a package to ADAMS with a copy of this cover letter. Once we review these two reports our comments will be incorporated in the final versions
