Please find enclosed Withdrawal Certificate #13 from FMRI, Inc. for a withdrawal from Subaccount 2 of the Decommissioning Trust. In addition, please also find enclosed the following copies of invoices from Denison Mines for WIP residue disposition charges from this licensed site showing a total of 1307.09 net tons of WIP material removed from FMRI, Inc. and received by Denison Mines for disposition from March 1 through June 30, 2008:

- Invoice FMRI-080414, 04/14/08, showing 382.22 net tons of WIP received from March 1, 2008 through March 31, 2008;
- Invoice FMRI-080508, 06/22/08, showing 406.65 net tons of WIP received from April 1, 2008 through April 30, 2008;
- Invoice FMRI-080603, 06/03/08, showing 418.35 net tons of WIP received from May 1, 2008 through May 31, 2008;
- Invoice FMRI-080714, 07/14/08, showing 99.87 net tons of WIP received from June 1, 2008 through June 30, 2008;

Please note that, in accordance with FMRI's pricing contract agreement with Denison Mines, the first page of these invoices shows "adjusted" tons of materials received by Denison Mines after Denisonmines has adjusted the actual net tons received based on the moisture content of the received material. The actual net tons of WIP received by Denison Mines (and the basis of this withdrawal certificate) are shown in the tables provided by Denison Mines with these invoices under the column titled, "Net Tons Received." Please contact me if you have any questions.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'E. Jonathan Jackson'.

WITHDRAWAL CERTIFICATE #13 (August 18, 2008)

FMRI, Inc. hereby requests a withdrawal of \$302,264.56 to be made on September 18, 2008, which is thirty-one days subsequent to this request being noticed to the NRC. The total amount remaining in Subaccount 2, after this withdrawal #13 is made (i.e., assuming no repayments of the trust before then), will be \$139,414.80. This borrowing is for Phase 1 decommissioning activities.

As required by Section 5.2(b) of Amendment No. 1 to the Decommissioning Trust Agreement dated November 17, 2003, and amended April 14, 2005, FMRI, Inc. attests:

1. that the material dispositioned under the invoice(s) presented is WIP residue from Ponds 2 and 3;
2. that the requested funds do not exceed the amount calculated by the formula: number of toxs x \$231.25, where number of tons = the amount in tons of disposition of WIP residues from Ponds 2 and 3 removed from the FMRI facility for remediation of WIP and which was dispositioned at a licensed site for such charges, beginning with first ton dispositioned;
3. the Grantor has received all payments and proceeds to which it is entitled under the FMRI License and Decommissioning Plan, the FMRI Notes or the terms and conditions of the Joint Reorganization Plan of Fansteel Inc. and Subsidiaries, as approved by the United States Bankruptcy Court for the District of Delaware, and the NRC License and Decommissioning Plan;
4. that such payments and proceeds received by Grantor are insufficient to fund the decommissioning activities as planned and budgeted in the Decommissioning Plan;
5. that all replenishments of the Trust specified in the FMRI Notes, or which Grantor was reasonably capable of making, were in fact made;
6. that the total of all outstanding withdrawals from this subaccount shall not exceed Two Million five Hundred Thousand Dollars (\$2,500,000.00);
7. that 30 days prior to Grantor's request for withdrawal, NRC received
 - notice of Grantor's intent to withdraw funds from the trust fund, and
 - a copy of the withdrawal certificate; and
8. that the funds will not be used for litigation expenses.

The funds of \$302,264.56 should be wire transferred to:
