Subject: Comments on NUREG-1801, "Generic Aging Lessons Learned (GALL) Report"

Project Number: 690

Dear Mr. Holian,

During our quarterly License Renewal meeting, you indicated that your staff is working on revising the Generic Aging Lessons Learned (GALL) Report to reflect lessons learned from the plants that have gone through the license renewal process. To aid you in your effort, we have begun reviewing the GALL Report and have provided comments to some of the Aging Management Programs (AMPs) in the attachment.

We are continuing to review the remainder of the GALL Report and will provide additional comments as they are developed.

If there are any questions regarding these comments, please contact me or Julie Keys (202-739-8128; jyk@nei.org).

Sincerely,
