Lee Hy Paving, Corporation is responsible for paying the fees that are administrated by the NRC. Affective on March 31, 2009, the Commonwealth of Virginia is taking over administrating fees and duties by the NRC.

In our business, we occasionally do jobs that have federal money tied to it. This involves the NRC. Now, we have to pay NRC fees on top of paying fees to the Commonwealth of Virginia. Our business is seasonal.

I propose: We pay the yearly fees to the Commonwealth of Virginia, because we maintain the Density gauges for a whole year. I feel the NRC fees should be divided into twelve to represent the months of a year. We only pay for the months that we operate under federal jurisdiction, because they are the only months we may be involved in using federal money. I feel it is not fair to charge us for a whole year of fees, for only a few months of operations.

Thank You for the Help on this matter,

Mark Hall (RSO)
