Subject: Certification of Financial Assurance typographical error

(NOTE: This will be used as the
 Documents Title in ADAMS)

The Certification of Financial Assurance (CFA) dated March 26, 2009 was incorrect in the amount of materials for the value for activity per source on the 1-83 sealed isotopes. This value is insignificant for financial assurance as the amount of material per isotope and total curies for those isotopes are listed. I am accepting the CFA as written; however it should be corrected whenever the CFA is amended in the future. Mr. Moss said that it was a typographical error.

Action Required: Mr. Moss said that he would correct the error the next time the CFA is amended.
