Subject: RAI, model number difference in possession and distribution license

(NOTE: This will be used as the Documents Title in ADAMS)

I pointed out to Mr. Hanning that the model number for the strontium 90 source was different in the distribution and the possession license. Mr. Hanning said it was an oversight and he will send in an additional amendment request to correct. He also told me that the mailing address of his facility has changed and will submit that as well.

Action Required: Mr. Hanning will send in additional requests.
