Paul,

One quick note, Philip Daling of PNNL is not traveling to the site (discussions with him will be by phone). I am also expecting final confirmation on the NRC contractor shadows today and if any staff from the State of North Carolina Department of Transportation will be attending on Tuesday (the NCDOT staff would not need access to the HNP site).

Thanks,
Don

Paul:

Attached are the attendees who are planning to participate in the NRC Environmental Audit of HAR next week. The list includes NRC personnel, who will be granted access at the vehicle security checkpoint by means of their NRC identification.

Also included are the PNNL and other NRC Contractors, other regulators, CH2MHILL and other PEC Contractors. I've also included a list of the Progress Energy Personnel who will be attending.

Can you please confirm receipt of the appropriate security paperwork for visitor access for this group and confirm that the Progress Energy personnel will have access with their Progress Energy identification.

Please advise.

Thanks,
