**DECLARATION OF HENRY OTTINGER IN SUPPORT OF MISSOURIANS
FOR SAFE ENERGY'S PETITION TO INTERVENE
IN CALLAWAY PLANT UNIT 2 COLA**

Under penalty of perjury, I, Henry Ottinger, declare as follows:

1. I am a member in good standing of Missourians for Safe Energy ("MSE").
2. I reside at 511 Westwood Ave. in Columbia, Missouri. My residence lies within 33 miles of the proposed site of a new nuclear plant, for which AmerenUE has submitted a combined construction permit and operating license application ("COLA") to the U.S. Nuclear Regulatory Commission ("NRC" or "Commission").
3. I am concerned that if the NRC grants AmerenUE's COLA, the construction and operation of the proposed nuclear power plant could adversely affect my health and safety and the integrity of the environment where I live. I am particularly concerned about the risk of accidental releases of radioactive material to the environment, and the potential harm to groundwater supplies and local surface waters.
4. In order to ensure that the licensing decision for the proposed Callaway 2 nuclear power plant protects my interests in a safe and healthful environment, I have authorized MSE to represent me in any licensing proceeding and/or related rulemaking proceeding that concerns the safety and environmental impacts of the proposed nuclear power plant at Callaway. I have also authorized MSE to take any legal actions that are necessary to ensure that the licensing proceeding and the rulemaking proceeding are conducted fairly, efficiently, and in a manner that provides for the full consideration of all licensing issues that could affect my safety and the health of my environment.

I declare under penalty of perjury that the foregoing facts are true and correct and that any expressions of opinion are based on my best judgment.
