- Checkboxes for information not located or withheld: No agency records, Certain information withheld, This determination may be appealed within 30 days.

PART I.C COMMENTS (Use attached Comments continuation page if required)

NRC staff conducted another search for responsive records related to the Sylvania facilities located in Hicksville and Bayside, New York, for the 1963 through 1995 time frame. No additional records were located.

Appendix A identifies the Freedom of Information Act (FOIA) requests received by the NRC and related to the Sylvania facilities in Hicksville and Bayside, NY. The listing covers the time frame of August 17, 2002, through April 6, 2004. Each of the incoming requests and all responses for these FOIAs were made publicly available through the NRC's Agencywide Documents Access and Management System (ADAMS).

Records identified in Appendices B & C are related to Sylvania and, although not subject to the time frame of your request, are being provided as a courtesy.

Appendix D provides a listing of relevant material that was transferred to the National Archives & Records Administration (NARA) on August 12, 2002. NRC does not have a listing of each document contained in the various boxes, however, the listing (continued)

has been annotated with the time frame of records contained within the various boxes, the docket no. and/or the license no. You will need to contact NARA directly to review these materials. The contact person at NARA is: Marjorie Ciarlante, telephone 301-837-1593.

NRC's Feb. 25, 2003, response to your earlier FOIA (FOIA/PA-2002-0387) identified prior FOIAs requesting records related to Sylvania (FOIA/PA- 2002-0324, 2002-0278, and 2002-0382). Each of these earlier FOIA/PA requests and their responses were made publicly available through the NRC's Agencywide Documents Access and Management System (ADAMS). The response to FOIA/PA-2002-0324 provided the NRC's Agreement State Program contact name and address within the State Department of Environmental Conservation as a possible source for other records. The response also provided information regarding some records that had already been transferred to the National Archives & Records Administration (NARA) and instructions on how to make arrangements for viewing the records. In addition to the records released under FOIA/PA-2002-0324, the response also identified an FY 2001 request (FOIA/PA-2001-0257) which also released records related to the Sylvania facilities.

PART II.A - APPLICABLE EXEMPTIONS

APPENDICES
C

Records subject to the request that are described in the enclosed Appendices are being withheld in their entirety or in part under the Exemption No.(s) of the PA and/or the FOIA as indicated below (5 U.S.C. 552a and/or 5 U.S.C. 552(b)).

- Exemption 1: The withheld information is properly classified pursuant to Executive Order 12958.
- Exemption 2: The withheld information relates solely to the internal personnel rules and procedures of NRC.
- Exemption 3: The withheld information is specifically exempted from public disclosure by statute indicated.
 - Sections 141-145 of the Atomic Energy Act, which prohibits the disclosure of Restricted Data or Formerly Restricted Data (42 U.S.C. 2161-2165).
 - Section 147 of the Atomic Energy Act, which prohibits the disclosure of Unclassified Safeguards Information (42 U.S.C. 2167).
 - 41 U.S.C., Section 253(b), subsection (m)(1), prohibits the disclosure of contractor proposals in the possession and control of an executive agency to any person under section 552 of Title 5, U.S.C. (the FOIA), except when incorporated into the contract between the agency and the submitter of the proposal.
- Exemption 4: The withheld information is a trade secret or commercial or financial information that is being withheld for the reason(s) indicated.
 - The information is considered to be confidential business (proprietary) information.
 - The information is considered to be proprietary because it concerns a licensee's or applicant's physical protection or material control and accounting program for special nuclear material pursuant to 10 CFR 2.790(d)(1).
 - The information was submitted by a foreign source and received in confidence pursuant to 10 CFR 2.790(d)(2).
- Exemption 5: The withheld information consists of interagency or intraagency records that are not available through discovery during litigation. Applicable privileges:
 - Deliberative process: Disclosure of predecisional information would tend to inhibit the open and frank exchange of ideas essential to the deliberative process. Where records are withheld in their entirety, the facts are inextricably intertwined with the predecisional information. There also are no reasonably segregable factual portions because the release of the facts would permit an indirect inquiry into the predecisional process of the agency.
 - Attorney work-product privilege. (Documents prepared by an attorney in contemplation of litigation)
 - Attorney-client privilege. (Confidential communications between an attorney and his/her client)
- Exemption 6: The withheld information is exempted from public disclosure because its disclosure would result in a clearly unwarranted invasion of personal privacy.
- Exemption 7: The withheld information consists of records compiled for law enforcement purposes and is being withheld for the reason(s) indicated.
 - (A) Disclosure could reasonably be expected to interfere with an enforcement proceeding (e.g., it would reveal the scope, direction, and focus of enforcement efforts, and thus could possibly allow recipients to take action to shield potential wrongdoing or a violation of NRC requirements from investigators).
 - (C) Disclosure would constitute an unwarranted invasion of personal privacy.
 - (D) The information consists of names of individuals and other information the disclosure of which could reasonably be expected to reveal identities of confidential sources.
 - (E) Disclosure would reveal techniques and procedures for law enforcement investigations or prosecutions, or guidelines that could reasonably be expected to risk circumvention of the law.
 - (F) Disclosure could reasonably be expected to endanger the life or physical safety of an individual.
- OTHER (Specify)

PART II.B - DENYING OFFICIALS

Pursuant to 10 CFR 9.25(g), 9.25(h), and/or 9.65(b) of the U.S. Nuclear Regulatory Commission regulations, it has been determined that the information withheld is exempt from production or disclosure, and that its production or disclosure is contrary to the public interest. The person responsible for the denial are those officials identified below as denying officials and the FOIA/PA Officer for any denials that may be appealed to the Executive Director for Operations (EDO).

DENYING OFFICIAL	TITLE/OFFICE	RECORDS DENIED	APPELLATE OFFICIAL		
			EDO	SECY	IG
Hubert J. Miller	Regional Administrator, Region I, USNRC	Appendix C	✓		

Appeal must be made in writing within 30 days of receipt of this response. Appeals should be mailed to the FOIA/Privacy Act Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, for action by the appropriate appellate official(s). You should clearly state on the envelope and letter that it is a "FOIA/PA Appeal."
