JUL 28 1958

Mr. M. C. Cullen  
Contract Administrator  
Sylvania-Corning Nuclear Corporation  
Bayside, New York

Dear Mr. Cullen:

Reference is made to your letter of July 8, 1958, regarding the purchase of two reject slugs.

In view of the nature of your interest in these specific reject slugs, I am authorizing our Manager, Savannah River Operations Office to sell these slugs to you.

This authorization is subject to the Commission's licensing regulations and the receipt of an allotment of material. You can obtain an allotment of material from our Division of Licensing and Regulation. In applying for your allotment please indicate the source material license under which you are obtaining the material. I have enclosed copies of Form AEC-2 for your use in the event you have to apply for a new license.

Also a license is required for the export of material containing uranium and thorium. Application forms, (AEC-7) for an export license is attached.

Our Savannah River Operations Office will determine the proper charge and will make the arrangements for the sale. Mr. Harry Rohner, Industrial and Technical Services Division, Savannah River will handle the sale at Savannah River.

Sincerely yours,

cc: SROO, w/incoming  
L&R, w/incoming

Frank K. Pittman, Director  
Office of Industrial Development

Enclosures:  
Form AEC-2  
Form AEC-7
