RE: Update on Schedule for Providing Additional Information For The Nichols Ranch ISR Project License Application Environmental Report (TAC J00553, Docket No 040-09067)

Dear Mr. Linton,

In a letter dated March 12, 2009 Uranerz was informed by the Nuclear Regulatory Commission (NRC) that a detailed review of the Nichols Ranch ISR Project Environmental Report was completed and that additional information was needed to complete the review of the license application. After reviewing the request for additional information (RAIs), Uranerz anticipates submitting responses to the NRC by mid-May 2009.

Uranerz will continue to update the NRC on any changes that may delay the submission of responses to the RAI's for the Nichols Ranch ISR Project Environmental Report. If you have any questions, please contact me at 307-265-8900 or by email at: mthomas@uranerz.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Thomas", is written over a faint, larger version of the same signature.
