**SUBJECT: CONFIRMATION OF OPEN PRE-DECISIONAL ENFORCEMENT
CONFERENCE (NRC INSPECTION REPORT NO. 70-1113/2009-001 (ADAMS
ML090850208)), GLOBAL NUCLEAR FUEL – AMERICAS, LLC (WILMINGTON),
DOCKET NO. 70-1113**

Dear Ms. Price:

This letter confirms the telephone conversation between Scott Murray and Harry Knight of your staff and myself on April 1, 2009, concerning a pre-decisional enforcement conference. This meeting is being conducted at your request, and is scheduled for April 30, 2009, at 10:00 a.m. (EDT). The purpose of the meeting is to discuss the apparent violation associated with the criticality warning system being disabled from December 12-16, 2008. The apparent violation was discussed in NRC Inspection Report 70-1113/2009-001 (ADAMS ML090850208). The pre-decisional enforcement conference will be held at the NRC Region II Office, Sam Nunn Atlanta Federal Center, 61 Forsyth Street SW, Suite 23T85, Atlanta, Georgia 30303. This will be a Category 1 meeting in which the public is invited to observe and will have the opportunity to communicate with the NRC staff after the business portion, but before the meeting is adjourned, per the NRC policy statement "Enhancing Public Participation in NRC Meetings," published in the Federal Register: May 28, 2002 (Volume 67, Number 102, Pages 36920-36924). A copy of the meeting notice is enclosed.

Interested members of the public should contact the meeting coordinators Mr. Chad Cramer at (404) 562-4712 or Mr. Richard Gibson at (404) 562-4718, indicating their intention to attend by April 27, 2009. This will ensure that sufficient copies of meeting materials are available. Because meetings are sometimes cancelled as a result of unforeseen circumstances, members of the public should contact a coordinator at the number shown above to confirm that the meeting will occur as scheduled.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

L. Price
