### To CALVERT CLIFFS 3 ENVIRONMENTAL REVIEW TEAM MEMBERS:

This is a reminder that the NRC Calvert Cliff's environmental review team members need to send emails and other documents/information/records to the Calvert Cliffs 3 hearing file, frequently and on a regular basis. Each team member can send records to the hearing file. Now that the Pre-hearing conference is complete, the board will decide which, if any, of the contentions will be admitted. If the Board decides to admit a contention then the staff has 30 days to complete the hearing file. Since the Calvert Cliff's environmental review has been ongoing for over a year now, it is quite possible that there are a large amount of emails to process.

Emails that pertain to the Calvert Cliffs COLA review need to be sent to the following email address: [CCNPP3COL.Resource@nrc.gov](mailto:CCNPP3COL.Resource@nrc.gov). For emails that you have already sent you will need to forward the emails **as attachments** to that address (putting <ADAMS ENVELOPE> or <A E> in the subject line of such forwarding emails). Also if the email is Non-Public in nature, then place "NON-PUBLIC" in the subject line. An easy way of keeping up with the hearing file is to copy (in the cc line of the email) [CCNPP3COL.Resource@nrc.gov](mailto:CCNPP3COL.Resource@nrc.gov) in the emails as you send them. If you cc the hearing file in the email as you send it then the <A E> is not needed in the subject line. Since the environmental team relies on contractor support to develop the EIS, emails from contractors must also be put into the hearing file. The responsibility of submitting contractor emails is on the NRC counterpart.

**As general guidance on the matter of preserving documents, we need to save all documentation submitted by the applicant, all correspondence (letters, emails, documents etc.) between the applicant and staff related to the application, any documents supporting or opposing the Staff's review of the application, and any documents representing the Staff's determination on the application. Also included is relevant correspondence between you and our contractors. For more detailed discussion of preserving documents, please go to the following link:**  
<http://nrr10.nrc.gov/NRO/training/docs/hearing.ppt>.

**Not sure if it's an Official Agency Record? Check OIS's interactive question and answer tool:**

Please contact me if you have any questions or need additional information regarding this matter.

Thanks  
Laura
