USA

Subject: MNES New President

Dear Chairman. Klein,

I would like to inform you that I have been appointed to be the President & CEO of Mitsubishi Nuclear Fuel Co., Ltd. (MNF) effective on April 1, 2009.
Mr. Kiyoshi Yamauchi, as my successor, has been appointed to be the President & CEO of MNES.

I thank you for your kind support to myself and I hope you to provide Mr. K. Yamauchi with the same collaborative support.

The background of my new assignment and appointment is that amid the growing importance of worldwide nuclear power generation, Mitsubishi Heavy Industries, LTD (MHI), the parent company of MNES, has re-organized its business segments into MHI and MNF.
MNF is responsible for the business in the nuclear fuel area while MHI continues to deal with the other nuclear business fields. Existing resources of MHI nuclear fuel organization are combined to MNF.

I will lead the newly established MNF to provide excellent products and services to all the customers worldwide. MNF will also play an important role in supplying fuel for US-APWRs.

I'm looking forward to having further opportunity to work with you.

Yours faithfully,

A handwritten signature in black ink, appearing to read "H. Inoue", is written over a horizontal line.

Hiroshi Inoue
