Subject: VOID Mail Control No. 143202 for USAMRIID (Lic No. 19-11831-04)

This action was opened when we received an amendment for license number 19-11831-03 under Control Number 143201. After a quick review of the amendment request we were uncertain whether we would need to issue a new license and opened the action as both an amendment (MC 143201) and new license (MC 143202). After speaking with the various senior health physicists and a branch chief, it was determined that we can amend the license without having to issue a new license. For the reasons mentioned above this action is voided.
